REACH Compliance Statement

Dear valued customer,

SEH Computertechnik GmbH recognizes the importance of and is fully committed to protecting the environment. Therefore, SEH Computertechnik GmbH provides you with high-quality products that meet environmental regulations. The following information is to assist you in your own pursuits of complying with environmental regulations and standards.

According to

REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC

SEH Computertechnik GmbH manufactures "articles" and not "substances" or "preparations". In addition, our products do not involve the "intentional release of substances". Consequently, SEH Computertechnik GmbH has the role of "downstream user" and is under no obligation to (pre)register substances. (This is the duty of our suppliers, if applicable.)

We are in close contact with our suppliers and have informed our suppliers of their legal duties arising from REGULATION (EC) No 1907/2006. We have also asked them to provide us with information on whether and to what extend products they deliver to us contain Substances of Very High Concern (SVHC, listed at https://www.echa.europa.eu/candidate-list-table).

Based on supplier information, we hereby declare that our articles do not contain any of the 250 SVHC in a concentration above the threshold concentration of 0.1 % weight by weight (w/w).

In addition, we are aware of our duty to communicate information defined in REGULATION (EC) No 1907/2006 and assure you that we will fulfill this duty if it becomes necessary (e.g. if we receive information from our suppliers).

SEH Computertechnik GmbH is constantly monitoring SVHC and will continue to comply with REGULATION (EC) No 1907/2006 for environmental protection and to guarantee a high level of product safety for our articles.

As regulations change constantly, we will update this statement regularly. For the current version of this document please refer to our website https://www.seh-technology.com/.

In case of questions or comments or if you need additional information, please do not hesitate to contact us at info@seh-technology.com.

Respectfully yours,

SEH Computertechnik GmbH

Rainer Ellerbrake
General Manager
